Merry Christmas from the team at Diamond Dental

Party Time for the Team!!

The team enjoyed a fantastic Masquerade Ball at the Alton Towers Hotel for their Christmas party. As you can see, glitz and glamour was the order of the evening with the gents even looking fabulous! The team enjoy regular lunches and evenings out together, but everyone agreed this was a night to remember!

In it to win it!

Mrs Patricia Godwin was the lucky winner of our December Prize Draw. All members of our care plan are entered each quarter.

Top Tips for a Healthy Smile this Christmas

After brushing, spit and don't rinse, this way the fluoride in your toothpaste gets to work for longer!

Replace your toothbrush every 8 – 12 weeks, or earlier if you notice the bristles do not retain their shape.

Your teeth, gums and oral health benefit directly from a balanced diet; Vitamin C boosts the immune system and helps to keep gums healthy.

Don't leave anything to chance. We would rather see you with the first sign of a problem than when you have severe toothache, early intervention is best.

Tom, Grazyna and the team would like to wish you all a very happy and peaceful Christmas and a prosperous 2011.
